Dr. Coffee F2-H & F2 Plus

Professional Automatic Coffee Machine

Perfection is in the detail

F2-H and F2 Plus fully automatic coffee machine is for commercial use such as restaurants, bakery and breakfasts, hotels, cafes, catering, office, and more. Commercial coffee expert F2 is born to make the coffee that reaches the professional barista level.

F2-H & F2 Plus Key Features

The metallic body and 21g brewer provides powerful guarantee for long life and high stability under the commercial conditions.

Ceramic flat-type blades, 500kg grinding life cycle, accurately grind the beans into unified-size powder, bringing out the unique flavor.

Smooth and hot milk frothing system makes the foam very smooth, and it can be easily cleaned by its self-clean mechanism.

The 10" touch panel is easy to use, direct and efficient, by which customised coffee is just at your fingertips.

F2-H & F2 Plus Features

- Two grinders with ceramic flat blades accurately grind the coffee beans.
- Extra large 10.1" touchscreen is easy to use, customisable for drink selections and promotional screen saver images.
- Internal 4L water reservoir.
- Direct coffee grounds discharge option available.
- Configurable with a variety of milk refrigerator options.
- Personalisable self-cleaning program.
- Eco-mode energy saving function.
- Includes mood lighting.
- Up to 300 espresso per hr.
- Up to 140 cappuccino per hr.
- Personalisable screen savers with maximum six images.

The Dr. Coffee F2 can produce any coffee from espresso to latte, flat white and cappuccino by a simple touch of the screen. The F2 Plus can produce an extended variety of hot drinks including chocolate and chai based beverages.

The My Coffee option allows the programming of five personalised coffee to suit each individual taste.
